

Fire Door Safety - 5 things to check on fire doors

- 1. Look for a label, a plug or similar marking to show that it's certificated**
- 2. Ensure the door closes correctly around all parts of the frame & that the closer is fitted securely**
- 3. Check the hinges are firmly fixed into the door and frame with no missing screws**
- 4. Make sure the door is not damaged or wedged / propped open**
- 5. Check that the door is marked correctly with the appropriate signage**

Report any problems to your landlord or maintenance department
